Civil Defense Moves Into Dixon City Hall

City Boots Driver Examiners

Mayor Vaile Claims CD Needs Space

Drivers May Have To Go to Amboy For License Tests

NEWSROOM NOTES—Elsewhere on this page you'll find a story which indicates strongly that Dixon may lose its driver's license examination office, which has been located in city hall.

Any Dixonite who remembers back to the days of 1953 and 1954 probably will bristle at the thought. Those were the days when Dixon motorists had to drive to Amboy or to Oregon to take driver examinations. There weren't as many examiners in those days, and it often meant a wait of five hours or more before an applicant could take his road test.

Since there are more examiners now, there's no indication that the applicant would have a long wait. But if Dixonites again are forced to go out of town to take the necessary tests, it will represent a backward step.

There seems to be no logic in a move which would move the examination office away from the county's heaviest population center.

Uncle Sam says it's tax time again. To aid you in making out your income tax return, The Evening Telegraph today begins a six-part series explaining the maze of rules and regulations which determine how much you owe, or how much Uncle owes you.

You'll find the first chapter on Page 4.

SIGNS OF THE TIMES—The installment plan idea has hit at the college level. Students now can buy their education the way their elders buy homes, television sets and automobiles.

Shimer College, Mt. Carroll, is one of the schools adopting the "Learn now and earn later" system. A student who needs the funds may borrow up to \$4,000 for his four-year stay in college. The loan is interest-free until he has been out of college one year. Then the rate is three per cent.

There's also a plan under which families which are able to send their children to college may pay the bill on a monthly basis, rather than having to fork out a lump sum each semester.

Gets 40 Days In Lee Jail Over Weekends

Lee County Judge John Dixon this morning sentenced Leo L. Kelly, 31, 1215 Second St., to 40 days in the county jail, to be served on weekends, when Kelly pleaded guilty to a charge of driving after his license had been revoked.

Kelly will report to the jail at 8 p.m. each Friday and remain there until 6 a.m. Monday until the 40 days are served. He will be given credit for 2½ days a weekend.

He was arrested Jan. 3 by Sheriff Robert Burris. Kelly's license was revoked April 10, 1958, after he was convicted of operating a motor vehicle while intoxicated.

Those Crazy Cats Can't Agree on TV

PORTLAND, Ore. (P)—Selecting television programs is a kittenish problem at the home of Harry Mowrey.

Mowrey said he has nine cats. Three of them like TV.

One he said, watches only Westerns and Phil Silvers.

A second watches only "You Asked for It."

The third, said Mowrey, "plays right along with football, basketball and hockey stars—and doesn't even know there are other television performers."

Which is a more important function for one room in the Dixon city hall, facilities for taking driver's license examinations without leaving the city or an office for the top man of the city's struggling Civil Defense organization?

Mayor Joseph E. Vaile says the latter. Consequently, the state driver's license examiners, who have been using the city hall office for several years, have been served notice to leave by the end of the month, and the room will be turned over to John Earle, CD director.

The disposition of the license office is not known; however, it is believed likely that examiners will go to Amboy full time, rather than continuing the present system of spending Monday and Tuesday in Dixon and Wednesday and Thursday in Amboy.

Today Ends It

No spokesman for the secretary of state's office, which is in charge of licensing, was available for comment. George Carr, Amboy, who conducts the examinations here, said he has no idea what is going to be done. He said since notice was for the end of the month, he presumed that today would be the final day for taking examinations at the city hall.

Mayor Vaile, who wrote the letter of termination, said no specific date had been named for vacating the office, but that the examiners were to leave "at their convenience."

Asked what the reason behind the move was, Vaile said there are two reasons. First, he said, Earle should be provided with office space by the city. The mayor noted that Earle has used the mayor's office in the city hall on occasion. He also has, periodically, taken over the squad room at the rear of the police station.

Traffic Congestion

Vaile said the second reason was that cars of persons taking exams were parked in front of the city hall, thereby preventing persons who wish to pay parking tickets from parking there.

Asked if Earle, who is professionally an investment advisor, would use the city office for his private business, Vaile said, "No."

The move recalled the agitation several years ago to have license examinations given in Dixon. At that time Dixonites were required to go to Amboy or Oregon to take their exams, although Dixon is a considerably larger population center.

Relieve Your Tensions

Men, Bite Nails, Don't Rant at Wife

DALLAS (P)—A dental specialist defends such traits as biting fingernails, chain smoking, chewing pencils and the like. They don't hurt your teeth, he says, but they do relieve tensions and are better than going home and yelling at the wife and kids.

Dr. Maury Massler of the University of Illinois said in an interview Monday chewing habits are valuable mechanisms for releasing tensions.

He said thumb-sucking in a baby is a sign of contentment—a young child sucks his thumb as a substitute for a nipple. Most children stop this at the age of 3 or 4, he added.

Age of Frustration

On reaching the age of frustration, Dr. Massler said, many children switch from thumb-sucking to nail-biting.

The children's dentists said thumb-sucking may cause protruding teeth if continued beyond age

Find Ill Kidnaped Baby; Abductor Admits Grab

Whale Solves Jurisdictional Poser—It Dies

BRIGANTINE, N. J. (P)—A whale found itself caught between a jurisdictional dispute and the deep blue sea. So, Monday it died.

The 1,000-pound mammal was washed ashore here during the weekend. There was a gash in its side, apparently from a boat's propeller.

Coast Guard and city officials debated whose job it was to get the whale off the beach. Meanwhile, the animal wheezed at ocean-side.

Finally, the New York Aquarium said it would give the whale a home. But the whale couldn't wait. About five minutes before an aquarium truck arrived, the whale passed on to happier swimming grounds.

In death, the whale poses no problem at all. City authorities, deciding it is their burden after all, have agreed to dispose of the carcass.

Mrs. FDR Would Pick Stevenson For Dulles' Job

NEW YORK (P)—Eleanor Roosevelt's choice for secretary of state under a Democratic administration is Adlai Stevenson.

She named the party's two-time unsuccessful candidate for president in her column, "If You Ask Me," in the February issue of McCall's, out today.

Woman Says Took Tot Because of Miscarriage

NEW YORK (P)—Little John Tavarez, victim of New York's second baby kidnaping within a month, was found early today in the Manhattan basement apartment of a Puerto Rican couple a few blocks from the site of the abduction last Thursday.

The month-old boy was taken to a hospital for an examination and later was reported to be afflicted with bronchitis and inflammation of the small intestine. He had been suffering from a cold when kidnaped.

Police said Mrs. Ascension Ortiz, 25-year-old mother of three children, admitted taking the child because she had a miscarriage 10 days ago and didn't want her husband to know it.

"It was because I lost my own baby," she tearfully told officers. "I had to make it up to my husband."

No Evidence of Loss

However, a spokesman for Roosevelt Hospital said a clinical examination of Mrs. Ortiz disclosed no evidence of a miscarriage, abortion or recent pregnancy. Further tests were being made.

The hospital, which also examined the Tavarez baby, said the child would have to remain there at least a week. The hospital said it could not state whether the infant's condition had been aggravated since the kidnaping.

When police and FBI men went to the three-room Ortiz apartment to investigate tips, Mrs. Ortiz hysterically maintained that the baby was hers—born with the aid of police and ambulance attendants while her husband was at his job.

Common-Law Husband

The husband, Angel, a plastics dryer identified by some authorities as the woman's common-law husband of 10 months, said he believed his wife was telling the truth.

But after Mrs. Tavarez identified the baby as hers amid sobs of joy, Ortiz cooperated with police in questioning which finally led his wife to break down and confess that she had stolen the baby.

With this development Ortiz, shaking his head sorrowfully, put his arm around his wife and patted her shoulder.

Mrs. Ortiz' three children, ranging from 6 to 9, were said by police to have been fathered by a previous husband.

Dulles Says Reds Delude World About Cold War

Talks in Spring Would Consider Germany, European Security

WASHINGTON (P)—Secretary of State Dulles said today Soviet leaders are trying to delude the world into believing they want to end the cold war while actually seeking advantage to win it.

Nevertheless, he told a news conference, the United States feels this spring is about the right time for a high level East-West conference on Germany and European security since it is sometimes possible to reach peace-promoting agreements with the Soviets through tough bargaining.

Dulles said the United States would be delighted to get an effective reunification of Germany by any means fair to all sides. But he ruled out Russia's proposal for a confederation of West Germany and Communist East Germany because, he said, it is designed to secure the permanent partition of the German nation.

On other points, Dulles:

1. Expressed concern that Soviet

Dep. Premier Anastas I. Mikoyan may have formed a false impression on his trip here that the American people are not really behind their government in carrying on strong policies toward Russia.

2. Reacted skeptically to the statement of Soviet Premier Khrushchev Monday that as a result of Mikoyan's visit here Khrushchev sees signs of a "thaw" in the cold war.

3. Confirmed reports of disagreement between the United States and some of the Baghdad Pact powers over the extent of defense commitments the United States would make in proposed new security agreements with Pakistan, Iran and Turkey. Dulles said he thought the differences would be ironed out but that under existing legislative authority, the Eisenhower administration cannot possibly make agreements with Pakistan and Iran that would go beyond concern with Communist aggression.

4. Said the United States plans to withdraw its military advisory mission in Cuba since the new revolutionary government has criticized its presence there.

5. Denied knowledge of any recommendation from the Atomic Energy Commission that underground explosions be excluded from any international agreement banning nuclear weapons tests.

Driver's License Lifted; Commutes To Jail by Plane

MINNEAPOLIS (P)—With his auto driver's license suspended, William G. Hopp is commuting by plane to the Minneapolis workhouse to serve a 30-day sentence which permits him daytime freedom.

Hopp works near his home in suburban Robbinsdale. He takes a cab to a nearby airport each evening. There he climbs into his 65-horsepower plane and, in four minutes, lands on the ice of Parkers Lake, where the workhouse is located. Mornings, he reverses the procedure.

"It's okay with us," said Rolf Stageberg, workhouse superintendent. "It appears to be perfectly legal."

Hopp drew the term Jan. 13 for driving after his license was suspended.

Firemen Walk Up 26 Flights of Stairs To Put Out Fire

NEWARK, N.J. (P)—It was only a small fire in some sawdust, but it took lung power to get it out.

The fire was at the very top of the new Prudential Insurance Building. Elevators haven't been installed, so firemen had to walk up 26 flights to get to the fire.

Khrushchev Brags of ICBM Output, Asks Ban on More

MOSCOW (P)—Soviet Premier Nikita Khrushchev boasted today the Soviet Union has launched into production of international ballistic missiles. Then he called for a

rocket hundreds of thousands of kilometers into outer space, it can launch powerful rockets with pinpoint accuracy to any part of the globe," he said.

Opening the 21st congress of the Soviet Communist party in the Great Hall of the Kremlin, the party chieftain and premier said the Communists countries now "stand at the head of all progress."

Review of Achievement

In a review of Soviet achievements in science, including jet aviation and rocketry, Khrushchev declared:

"The Soviet Union has started the serial production of intercontinental ballistic missiles."

More than 1,500 delegates from throughout the Soviet Union and Communist parties in 70 other countries applauded vigorously.

U.S. Defense Secretary Neil H. McElroy said on Jan. 22 that the Defense Department does not believe the Soviet Union has an

He said the ICBMs were in serial production in the Soviet Union, but did not elaborate on what he meant by this. But he spoke of Soviet rocket prowess.

DEFENDANTS IN SEDITION TRIAL—John W. Powell, right, 39, his wife Sylvia, 39, both of San Francisco, and Julian Schuman of New York, pose in corridor of federal building in San Francisco Monday prior to start of their trial on sedition charges. They are charged under the Sedition Act of 1917 with conspiring to obstruct the Korean War effort and incite mutiny among U.S. forces by circulating copies of a magazine published in postwar Shanghai, "The China Monthly Review," in the U.S. (AP Wirephoto)

Call China Hands In Sedition Trial Charge Trio Tried to Hurt U.S. Korean War Effort

SAN FRANCISCO (P)—The government plans to call two old China hands to testify today in the only sedition trial to arise from the Korean War.

They are Randall Gould, former editor of the Shanghai Evening Post-Mercury, and Julius J. Thomson, a former Shanghai banker who left Red China via Hong Kong in 1955.

Defendants are John Q. Powell, 39; his wife Sylvia, 38, and Julian Schuman, 38, of New York. The Powells have lived in San Francisco since 1955 when they closed out their Shanghai magazine, "The China Monthly Review." Schuman was an associate editor of the magazine.

On Gern Warfare
They are charged with seditiously conspiring to impede the American war effort in Korea and undermine morale by publishing Chinese reports in the Review that America waged germ warfare, suffered heavy casualties and sought to block truce negotiations in Korea.

Gould, of Mill Valley, Calif., closed down his daily in Shanghai late in 1949 and came home. Thomson, of Calistoga, Calif., was a prisoner of the Chinese Reds for five years before he was released in 1955.

The trial opened Monday before U. S. District Chief Judge Louis E. Goodman with selection of a jury of eight men and four women.

U.S. atty. Robert H. Schnacke declared:

"The evidence will show that the magazine was published exclusively for promoting the Communist world and defeating the interests of the United States."

The government has said it plans to call as witnesses Gens. Matthew Ridgway and Mark Clark, commanders in Korea, and former chairman of the U.S. Joint Chiefs of Staff Omar N. Bradley.

Attending Traffic School at U of I
Two recent additions to the Dixon police force, officers Richard Dusing and Robert Whisenand, are in Champaign attending a week-long traffic school conducted by the University of Illinois.

Previously filing for commissioner were Dale Russman, John Stouffer, Commissioner C. Lyle Ballard, Jack Franz, Harold Rorer, Eric Gerdes, Hank Jensen, Ernest Smallwood, Wayne Williams, Harold Coss, Harold Bay, Ronald Woodbridge, Dr. Leslie Hinkle and John Cahill.

Eight candidates for commissioner and two for mayor will be nominated in the March 3 city primary, and the council consisting of a mayor and four commissioners will be elected April 21.

Smokers Win Vote to Keep 'No Smoking'

OLYMPIA, Wash. (P)—The issue was a burning one but throats stayed cool in the clear chambers of the Washington State Senate.

When the arguments were over, the air was still clear.

Smoking senators had won on a voice vote to retain a regulation against smoking.

An opponent said of the rule: "Its only purpose is to provide a modicum of horseplay."

"We are entitled to a little relaxation," said a backer of the regulation. "And besides, it provides cigars when someone is forgetful."

That cleared away the smoke around the seemingly strange position taken by smoking senators.

Smokers wait patiently until a fellow senator or a member of the press lights up. Then one of them points out the rule-breaker.

The guilty party has to buy a box of cigars to be passed around the chamber.

**Sterling Woman Re-Elected
Pines Bird Club Head**
POLO — Mrs. Harry A. Shaw,
Sterling, was re-elected president
of White Pines Bird Club at the
Sunday meeting held in the home
of Dr. and Mrs. J. H. Seise.
Other officers re-elected are
Mrs. Seise, vice president, and Mrs.
Oscar Vietmeier as secretary treas-
urer.
Thirty members from Dixon,
Sterling, Grand Detour and Polo
attended the program given by
Ethos Keithley and Jack Keegan,
both of Dixon, and Mrs. Shaw.
Contributes To Museum
Keithley, who retired after 25
years as grounds keeper of the
Dixon State School, has explored
extensively into the plant life of
Lee County and has contributed to
State Museum records by sending
in unusual specimens for positive
identification.
He showed slides of the suc-
cession of bloom, beginning with the
snow trillium, the earliest of spring
flowers and continued through the
year until fall colors were replaced
by bare tree branches.
Field Trips
He said nature-lovers should not
hurry when they go on field trips
and should take their time to look
around and enjoy nature.
Keegan showed slides and spoke
on a recent trip to Florida with a
group of Boy Scouts, recounting
the disappointments of photograph-
ing with new equipment.
Mrs. Shaw also showed slides,
including pictures of water birds
not often seen.
Plans for an April field trip were
made. The date will be announced
later.

Farm Outlook

COLLEGE OF AGRICULTURE
UNIVERSITY OF ILLINOIS

The many predictions that cattle prices in 1959 will equal or exceed those of 1958 seem likely to prove erroneous. The reason: meat supplies, which have been shrinking for two years, will increase substantially in 1959.

The biggest increase will be in pork, but supplies of beef, especially fed beef, apparently also will increase. And consumer demand is not likely to increase enough to maintain 1958 price levels.

More Cattle on Feed
According to USDA estimates, farmers on Jan. 1 were feeding 6,489,000 head of cattle and calves. This was 11 per cent more than last year and 7 per cent more than the previous record high set two years before.

Estimated weights of these cattle are not available as this report is prepared. However, the widespread abundance of feed, plus the tendency toward delayed marketings, point to greater-than-average slaughter weights for fed cattle this year.

In the month of December the average weight of slaughter steers sold at seven leading markets was 1,164 pounds, or 47 pounds more than one year before.

In early January, the average weight at Chicago was 1,200 pounds, 60 pounds more than last year.

The share of total beef that is fed beef is much larger than formerly. But the supply of non-fed meat also may increase in 1959. At least it is unlikely to shrink, as it did in 1957 and 1958. Some increase in marketings of cows is possible, even if total cattle numbers increase more than they did in 1958.

More Competition
Beef will meet much more competition at the sales counter than it did last year. Supplies of both pork and broilers will be greater.

According to official estimates, farmers saved 17 per cent more pigs last summer and fall than they did the year before. All pigs saved from June 1 through November are listed as fall pigs.

On Dec. 1 farmers in nine leading states had 22 per cent more pigs 3 to 6 months old than one year before. These pigs are being marketed now. They also had 16 per cent more pigs under 3 months of age. These pigs will be on the market in the spring.

Placements of broiler chicks in recent weeks were 13 to 17 per cent larger than the year before. Market supplies during the next 90 days will be at least 10 to 15 per cent larger than in the previous year. They seem likely to continue substantially larger for most of the year.

Consumer Demand Up
The much-talked-about increase in population amounts to less than 2 per cent year.

Consumers are making a little more money than they did last year. Latest figures on total employment are about the same as those of a year ago, but wages are higher and work weeks are longer. Average weekly earnings of factory workers in December were \$88.04, about \$5 more than a year earlier.

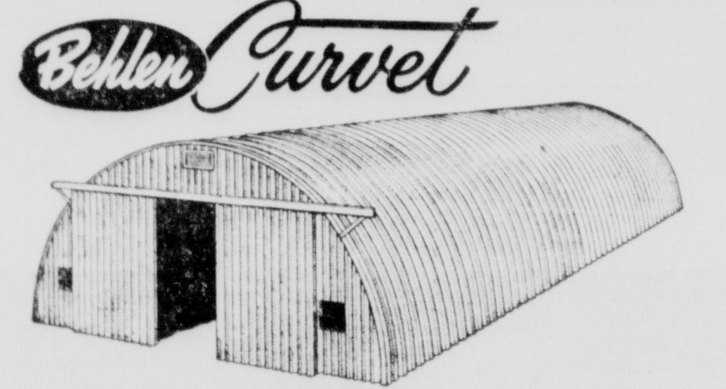

Further business recovery is said to depend largely upon increased sales of new cars. But increased spending for automobiles may not be matched by greater outlays for meats.

Finally, wage increases in the marketing system that are not equalled by increases in labor productivity would result in a reduction in the share of the beef dollar that gets back to the cattle feeder.

Farm Managers, Appraisers Plan Annual Meeting

URBANA — Planning ahead and getting the job done will be the major themes of discussion when the Illinois Society of Farm Managers and Rural Appraisers convenes for its annual meeting at the University of Illinois on Jan. 29-30.

On The Rural Scene

With JIM SOMERS
Lee County Farm Adviser

The weather man decided that last Thursday was no day for a dairy tour.

Our thanks to Glenn Gonnerman, Ben Smith and Clarence Whaley for permitting us to hold the tour on their farms; and to Joe Fassler and Dwight Harms for being ready to talk and show machines for conveying milk to the cooler by means of plastic hose. The tour has been postponed indefinitely.

The livestock tour scheduled for Feb. 5 promises to be a good one. It will start at 12:30 p. m. at the Roger Tarr farm, 11 1/2 miles south east of Pax Paw.

We will see multiple farrowing and confinement feeding of hogs at the Latimer and Babson farms.

Cattle feeding will be discussed at the Tarr and Babson farms. The Babson farm has a highly mechanized operation equipped to feed 1,200 cattle.

A fairly new innovation, feeding of shelled corn from a conventional silo, will be discussed at the Tarr farm. He has had good results.

Dick Carlisle, livestock specialist in farm electricity from the University of Illinois, will be on the tour.

When Jack Poliva spoke at the D. H. I. A. Annual Meeting, he mentioned a few of the things that may be coming in the dairy processing business.

One possibility is delivery of

- STRONG! Galvanized "boxed-in" V-type bin
- VERSATILE! Mixes feed completely
- FAST! 50 bu/min front or rear discharge
- BIG! 6 ft, 8 ft & 12 ft models

On The Rural Scene

With JIM SOMERS
Lee County Farm Adviser

The weather man decided that last Thursday was no day for a dairy tour.

Our thanks to Glenn Gonnerman, Ben Smith and Clarence Whaley for permitting us to hold the tour on their farms; and to Joe Fassler and Dwight Harms for being ready to talk and show machines for conveying milk to the cooler by means of plastic hose. The tour has been postponed indefinitely.

SAN DIEGO, Calif. (AP) — Sam Weisenberg of San Diego hooked a ride with three men in a jeep during a hunting trip in Utah. He fell off the jeep and injured his back before he was introduced to the trio and learned they were all from San Diego.

But by then he felt quite secure. One was a doctor. Another was a priest. And the third was an undertaker.

33 Herefords Auctioned for \$44,720 Total

DENVER (AP) — Thirty-three polled Herefords sold for \$44,720, an average of \$355 each, in the first big auction of breeding cattle at the 53rd National Western Stock Show Monday night.

This year's average price compared with \$1,010 last year.

The top selling animal was OK Gold Anxiety sold by Orvil E. Kuhlmann of North Platte, Neb., to K. O. Rach of Bath, S. D., for \$6,000. This bettered last year's top by more than \$1,000.

The top selling Heifer was OK Golden Miss 57, also sold by Kuhlmann to John W. Campbell of Tiffin, Iowa. She brought \$1,625.

Molasses Can Replace Water In Treatment

WASHINGTON (AP) — Farm scientists have come up with a new use for syrup or molasses—to replace water in treating legume seed with inoculants.

Growers of such legumes as alfalfa, soybeans and clover commonly inoculate seeds with nitrogen-fixing bacterial cultures to get high protein livestock feed and to provide high quality organic materials for future crops.

When water is used, inoculation is often not effective in dry soils, the Agriculture Department said, because the bacteria soon die from lack of moisture. Use of syrup or molasses helps to keep the bacteria alive for as long as three weeks.

The Doctor Says

By EDWIN P. JORDAN, M.D.
Written for NEA Service

The most serious and puzzling of the diseases involving the joints is called rheumatoid arthritis. This disease is responsible for untold suffering and enormous economic loss. Treatment is by no means satisfactory, though increasingly good results are being obtained. Fortunately, a considerable number of those afflicted recover anyway.

The disease begins first in the delicate lining around the joints known as the synovial membrane. This membrane becomes inflamed and thickened and fluid accumulates inside the joint cavity. In most instances the swelling is slight at first and the pain and stiffness are relatively mild.

The joints most likely to be involved are the wrists, middle joints of the fingers, ankles and knees. Once a joint is affected it is likely to remain involved for some time. The disease does not skip around from joint to joint, as in rheumatic fever.

As times goes on, other joint tissues become involved. It is possible for the cartilage between the joints to be destroyed, leaving a joint which is no longer movable.

A single specific cause for rheumatoid arthritis has not been discovered. Such information would be most helpful, but it does not seem to be just around the corner.

Since rheumatoid arthritis is a chronic, long-lasting disease, emphasis should be placed on the long-term treatment.

A basic program should include at least eight items: Psychological adjustment, a balance between rest and activity, diet and bowel management, correction of anemia, cautious removal of centers of infection, measures aimed at relief of pain, corrective and postural exercises, and prevention and correction of deformity.

Some victims of early rheumatoid arthritis often respond well to transfusions of ordinary fresh blood. Some appear to obtain favorable effects from carefully administered injections of gold and this method of treatment is again being favored by many.

A small number improve with a change of environment to a dry, warm climate. Most obtain temporary good results from cortisone or its relatives, but often these bring undesirable side effects and their good results are usually temporary.

Gradually, more and more is being learned about rheumatoid arthritis. Eventually, I am confident, the knowledge will be gained by which most victims of this dreadful disease can be treated successfully.

Beatniks, Don't Count On Brando

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD — Sorry, beatniks, Marlon Brando isn't one of you.

The non-conforming actor has often been hailed as a hero of the beat generation. His early film roles and erratic mode of living seemed in key with this band of Bohemians. So I asked him if he were one of the beats.

"Lord, no!" he snorted. "That motorcycle is going to follow me around until I'm 80 years old."

Early Doodles He was referring to the early doodles of his career. "I can just see it when I'm an old man and they'll say to me—'here his voice became creaky—'So you're Marlon Brando, huh? Well, where's your leather jacket and raccoon?'"

Brando made these comments on a rocky cliff overlooking the Pacific near Malibu. He was having a spartan lunch of fruit and gelatin between his arduous labors as director and star of "One-Eyed Jacks." He seemed antagonistic toward the convention-hating beatniks.

"Mere protest for its own sake can be a foolish thing," he remarked. "After a while, they lose sight of what they were protesting about. And you wonder if they would ever be satisfied, even if life were set the way they want it."

Just Walked By He said he has read none of the novels of Jack Kerouac, high lama of the beatniks. Brando has reportedly frequented San Francisco's North Beach joints, where the movement started, but he said, "I walked by them one day, that's all."

He softened his remarks about the beats somewhat: "I guess you can't blame them for wanting to seek some identity in this world. If they don't want to be Ivy League, then they'll be anti-Ivy League—anything to escape the anonymity of today's society."

Your Income Tax, Chapter 1
No Change in Tax Rate, Some Returns Simplified

EDITOR'S NOTE: One out of four tax returns received by the Internal Revenue Service has a major error. This series is intended to show you how to avoid mistakes while paying the lowest possible tax. You'll save money by reading each of the articles in this six-part series before making out your return. Why not cut out each one so all the information you need will be handy when you start filling out your form?

By FRANK CORMIER
Associated Press Staff Writer

Uncle Sam is being a little kinder this year to several million of his tax-paying relatives. Tax rates are as high as ever but, in many cases, the job of making out a return will be easier.

Because collecting taxes is almost as much trouble as paying them, Uncle Sam likes to simplify the procedure when he can. It helps him and it helps you.

The big change this year permits an additional five million taxpayers to file the simplest of all tax returns — form 1040A. This form is about the size of a bank check and asks only a few questions.

New Income Limit

In the past, you could file 1040A only if your income was below \$5,000 and was made up largely of wage and salary receipts. The maximum has been raised this year to \$9,999.99. This new ceiling also applies if husband and wife file a joint return.

The Internal Revenue Service figures 35 million Americans are eligible to file the simplified form. Many taxpayers still will choose to submit longer returns, however. That's because you can't itemize deductions or take advantage of several other tax breaks if you file 1040A.

Uncle Sam says he wants you to cash in on every tax benefit you can legitimately claim. This series of articles is designed to help you pinpoint the benefits that can help you. The series applies primarily to the majority of Americans who received most of their 1958 income in wages and salaries.

If you are under 65 and had an income of \$600 or more in 1958, you must file a return — even if you don't owe any tax. If you were 65 or over last year, you must file if your gross income was \$1,200 or more.

You owe no tax if your income fell below these minimums. Even so, it may pay you to file a return. That's the only way you can get your money back if any taxes were withheld from your pay during the year.

Tax returns must be mailed in time to reach the district director of internal revenue by Wednesday, April 15. However, you can fill out and mail your return just as soon as your employer (or employers, if you had more than one) gives you a record of how much you were paid during the year and how much was withheld for taxes. He gives you this information on form W-2 and you must attach a copy to your return when you file it.

There are definite advantages in filing early. If you have a refund coming, you'll get your money sooner. In any case, the unheeded early filer may avoid costly errors.

By this time, the postman probably has brought you copies of the same type of tax form you used last year, together with filing instructions. If you want to use a different form this year, or are paying taxes for the first time, you can get forms and instructions from your local post office or bank or from any IRS office.

Choosing the Form

Your first big problem is to choose the form which best fits the size and type of your income and deductible expenses. There are two basic forms — the simple 1040A and the regular 1040.

While 1040A is the simplest form, it is good only for reporting the simplest kind of tax situation. You can use it only if your income was below \$10,000 and consisted entirely of wages reported on W-2s, or consisted entirely of such wages plus not more than \$200 of income from other wages, dividends and interest.

Also, if you file 1040A you must take the standard 10 per cent deduction for interest paid, contributions to charity, medical expenses, etc. The only tax benefits you can claim on 1040A are:

1. The standard deduction.
2. The usual \$600 exemptions for yourself and each of your dependents.
3. The tax exemption granted the first \$50 of qualifying dividends paid on any stock you own (\$100 if you own the stock jointly with your wife). If you received dividends, you can forget about the first \$50 (or \$100) in adding up your income. However, if you file 1040A you can't claim the tax credit granted on dividends above that amount.

If your actual deductions exceed the standard deduction, or if you can claim any tax benefits besides the three cited, you will be money in pocket to file form 1040.

Incidentally, if you file 1040A and your income is below \$5,000, Internal Revenue will compute your tax—if you don't—and send you a refund or a bill. If you want to figure your own tax, you can.

Didn't Last

Beau Brummell, famous 19th century British dandy, is sometimes credited with being the first man in modern history to take a daily bath. But, alas for cleanliness—later in life he became a dirty and slovenly, and died a senile pauper.

Taking a bath, incidentally, is still something of a problem in some parts of the United States. Three million American homes still lack running water.

As men get scarcer, the girls are giving them less and less chance to get away. The average engagement period 30 years ago was a year or more. Now it's from five to seven months.

Athletic Actore

Do you share the popular misconception that most actors are sissies? They aren't. Many are athletes and most keep in top physical condition.

Do you like to lie on the rug while watching television? Well, cut it out; you may get sick. Some statisticians have figured out a 9-by-12-foot rug collects three pounds of dirt in a year and nests 11,914,000,000 germs.

For people who don't like air conditioning, a trip to the moon offers a fine escape. The temperature there ranges from 215 degrees above zero by day to 240 degrees below zero at night.

Lots Come High

If you've ever wondered why there are so few vine-covered cottages around Wall Street, Manhattan's famous financial district, here's your answer: Land there is conservatively valued at \$15,000,000 an acre. And seats on the New York Stock Exchange have ranged in price from a high of \$625,000 in 1929 to \$17,000 in 1942.

To get money quickly from a banker, tell him you want it to put on a second bathroom in your home. This is one of the projects for which it is now easiest to get a bank loan.

On Cutting
City Taxes

GALESBURG — A group of taxpayers has petitioned for a referendum in which they could vote to cut Galesburg's general corporate fund tax rate.

A petition bearing 939 signatures was filed Monday with the city clerk. It asked for a referendum on the question whether the tax rate should be cut from \$2.84 to \$2.04 on each \$100 of assessed value.

R. Lyle Barton, executive secretary of the Knox County Taxpayers Assn., said the filing of the petition was the first time taxpayers in Illinois had initiated a move to cut a municipal tax rate through referendum.

If the petitions are found to meet the requirements, the tax question would be put on ballots for the April 7 municipal elections.

Man Turns 101;
Son, 67, Has
Heart Attack

WHITESBURG, Ky. — John Elliot was tired Monday, but that wasn't why the big celebration planned for his 101st birthday was called off.

His son, James, 67, suffered a heart attack. James, one of six children, is hospitalized at Lexington.

His father hopes for a big party when James comes home. The former general store operator—tired out by visitors—spent most of the day napping.

Sharp Kitchen Knives Safer

Sharp knives not only make food preparation easier, but reduce the danger of cutting yourself, says University of Illinois extension safety specialist O. L. Hogsett.

A dull knife takes more pressure, making it more likely to slip. If it does, it's still sharp enough to give you a nasty cut that will heal slowly.

To help keep knives sharp, wash them separately; then store them in a rack that will protect the cutting edge. Don't use knives to cut paper, string or other material that will dull the edge.

A good sharpening stone is your best tool to sharpen dull knives. A good stone will cost less than many "gadget" sharpeners, too, and will not wear the knife out so quickly. If you are not sure how to use a stone, it might be better to take dull knives to an experienced professional sharpener. Once you have them sharp, protect them so they will stay sharp longer.

In the event you missed a notice in January 17's newspaper announcing the death of Col. Edward Baker of St. Charles, we would like to review it briefly. The Col. was an outstanding man and brought fame and fortune to the city of St. Charles. He was a man of great wealth and amassed a fortune of his own augmented by another fortune when his sister died in 1918. She was the wife of John (Bet-a-Million) Gates. His hobby for 30 years was harness racing and raising thoroughbred trotters. During his declining years he retained only one horse, the fabulous Greyhound — greatest sire of them all and daddy of nearly every Hambletonian winner in the last twenty years. Greyhound is still living and has attained the ripe old age of 27 years. Col. Baker's philanthropies included the Baker Hotel, the St. Charles community center, the four lane street bridge over the Fox River, the new \$1,250,000 First Methodist Church, the city municipal building, thousands to school improvements and additional thousands to such worthwhile as the Girl and Boy Scouts. Some time last year, while the Col. was in apparent good health, we were talking with Bud Zeigler, manager of the Baker Hotel, and learned of the countless monies Col. Baker donated every week to certain charities — anonymously — in addition to his publicized gifts . . . Until next week . . . J. W.

Next U.S. Moonshot Near Feb. 26

WASHINGTON (P)—Another U.S. moonshot try is in the works for the latter part of February.

The National Aeronautics and Space Administration and the Army are reported hopeful of blasting off an Army Juno rocket from Cape Canaveral, Fla., and send its payload past the moon into orbit around the sun some time during a six- or seven-day period beginning around Feb. 26. But it was learned that final decision will not be made until about a week ahead.

Neither NASA nor the Army would officially confirm the plan. Main objective of the venture will be to learn more about the extent and intensity of the belt of dangerous radiation which begins several hundred miles above the earth.

woman reportedly told a stewardess on the liner that brought her from her native Italy.

Francisco Mule, 36, a balding immigrant tailor, found Margherita shy and a bit skeptical when he boarded ship and embraced her.

She Sniffs

The woman sniffed when Mule shrugged off the matter of another wife and two children in Italy. He said he had obtained a Mexican divorce before he answered Margherita's note.

"I am here because I am free, and my conscience is clear," he told newsmen.

Asked about a Venezuelan girl friend, Rosa Acosta in Maracaibo, Mule said she was "no problem." At this point Margherita said she wanted a little time to think things over. A short time later she left with two men. One said he was her cousin, the other said he represented a cousin.

Attaches Note

Margherita was employed at a bottling works near Vignola, Italy. Working on an order for a Venezuelan firm, she attached a note to a bottle saying she would like to visit the South American company. Francisco found the note, started a correspondence and proposed.

Pictures of her and Francisco landed on Italian TV screens and Paola Ruscia Mule, living in Sicily, claimed him as her husband.

Japanese Want Neutrality, Red Kidnap . . . Chinese Trade

TOKYO (P)—Prime Minister Nobusuke Kishi today firmly rejected neutrality as a foreign policy for Japan but urged renewed trade with Communist China.

In a policy address before the new session of Parliament he endorsed Japan's close defense and diplomatic ties with America. The premier warned that neutrality would lead Japan into the Communist camp.

Gift of Ice Machine to Chill Martinis Inspires Plan to Finance Teachers' Advanced Study

SAN FRANCISCO (P)—A gift of an ice machine to chill country club martinis inspired a community foundation that finances advanced study for public school teachers.

More than 500 school board members gave two hours of concentrated attention to a National School Boards Assn. section meeting Monday night to a how-to-do-it explanation of the Columbus, Ind., foundation idea.

The idea was born with Dr. W. L. Wissman, Columbus physician and school board member.

"I heard that a man in our town gave a \$1,500 ice-making machine to the country club," Dr. Wissman explains.

"Some of It for Teachers"

"I figured if there were people around with that kind of money to give away why couldn't we get some of it together to support summer study opportunities for our teachers."

The Columbus foundation collected and donated its first private money in 1956. In three years it has awarded grants to 56 Columbus teachers for summer projects including a Spanish teacher's tour to Valencia, Spain.

Private gift support for faculty research work and advanced study is widespread in colleges and universities. The Columbus foundation

apparently is a pioneer in doing this job for elementary and high school teachers.

"Notable on Morale"

"The effect on teacher morale has been notable," declared Clarence E. Robbins, school superintendent. "And we now find we have on important advantage in recruiting good new teachers."

Robbins said 60 per cent of the Columbus school system teachers hold master's degrees. No more than 10 per cent of the teachers in an average school system will have master's degrees.

The foundation has budgeted \$12,000 for summer study projects this year.

"Faculty Enrichment"

About \$10,000 was spent last summer on such "faculty enrichment"

as mathematics study at New York University; gifted children workshop study at Stanford University; counselling study at Denver University; Shakespeare institute study at Yale University; advanced science and mathematics study at the University of Virginia and study at the Bread Loaf Writing Workshop in Vermont.

Turley was charged with automobile theft. "He gave me the money so I would be his friend and we could work together to get away from the cops," James told a juvenile officer.

Better Off by 50c

The youngster said he was better off by the experience by about 50 cents in nickels and dimes.

A neighbor, Virgil Lewis Turley, 23, said he picked up James in front of his home while the youngster's mother was away, and took him for a ride.

Dep. Sheriff William H. Hubbell spotted the car, reported as stolen, and gave chase. Hubbell said he fired two shots at the car and finally cornered it after a 15-mile ride that his speeds up to 115 m.p.h.

Oil-Laden Truck Burns Near Ottawa

OTTAWA, Ill. (P)—A tractor trailer loaded with 10,000 gallons of oil and naphtha caught fire today blocking traffic on State Rt. 71 for more than five hours.

Exploding 50-gallon drums of flammable substance marked the spectacular display.

Dale Piercy of La Salle was driving the Standard Oil Co. vehicle from Hammond, Ind., to Ottawa when a tire went flat. State Police theorized that the rubber in the tire caught fire from friction and ignited the trailer.

Piercy uncoupled the tractor and drove it safely ahead where the 200 drums of cargo began exploding one by one, spraying their flaming contents over the road and nearby fields, one mile northeast of Ottawa.

Lad Is Envy Of Gang After Chase by Cops

HOUSTON, Tex. (P)—James Toler, 6, was the envy of the neighborhood gang today as he told about a police chase marked by gunfire and speeds up to 115 miles per hour.

Was he scared? "Yes," James said and went back to sipping on a soda bought by Dep. Sheriff Danny Brock.

Better Off by 50c

The youngster said he was better off by the experience by about 50 cents in nickels and dimes.

A neighbor, Virgil Lewis Turley, 23, said he picked up James in front of his home while the youngster's mother was away, and took him for a ride.

Ike Honors MacArthur On Birthday

NEW YORK (P) — A message from President Eisenhower was a highlight of Gen. Douglas MacArthur's 79th birthday celebration.

The President sent best wishes for continued success, health and happiness and signed the message, "old friend and assistant, Dwight D. Eisenhower."

Eisenhower served as an aide to MacArthur in the United States and in the Philippines before World War II.

The President's message was read at a stag party in the Waldorf-Astoria hotel Monday night. Ninety-six persons attended. MacArthur now is chairman of the board of the Sperry-Rand Corp.

Red Korean Scribe Defects To South Korea

SEOUL, Korea (P) — A North Korean reporter for the Soviet Communist party newspaper Pravda defected to South Korea today during a meeting of the Military Armistice Commission at Panmunjom. He said he feared the Communists would execute him as a reactionary.

Lee Dong Joon, 30, expressed concern for his wife and 2-month-old daughter, still in the Communist North Korean capital of Pyongyang.

Boys Find Nitroglycerin, Toss It Back and Forth

HOUSTON (P) — "We just walked along, throwing the tube back and forth, catching it as we walked," said Ken Hall, 16.

It was nitroglycerin, police said and asked where they found it.

Abandoned Car

The boys led officers to an abandoned bullet-pocked automobile in a secluded pine forest. Vines and leaves covered the 1937 model, an expensive car in its day.

Hall, Z. W. Rogers Jr., 16, and Steve Matthias, 17, told police they spied six cylinders packed in heavy cardboard inside the car. They tore apart one of the cylinders to get the tube inside.

Advised by Parents

"We didn't know what the heck it was," Hall said. They took it along, playing catch with it on the way home. Their parents advised them to show it to police.

Sgt. J. E. Armstrong said the tubes contained vibrolog, a gelatin form of dynamite with a nitroglycerin base.

It was enough, Armstrong said, "to blow apart a good sized house without any trouble. A heavy jar could have set it off."

British Plane Crash Kills 2

BRINDISI, Italy (P) — A British cargo plane crashed and burned here today, killing two of its six-man crew.

The four-engine plane, owned by the Air Charter Co., crashed a moment after it had taken off from this Adriatic port city to resume its flight from the Orient to London.

Airfield officials said radio operator Raymond Pawley and mechanic John Hillyer were killed.

No Independent Primary Voting For Nebraskans

LINCOLN, Neb. (P) — There will be no voting by independents in Nebraska's primary elections. The Government Committee of the Legislature Monday killed a bill to permit a person registered as an independent to vote in the primary.

The bill was opposed by both Republicans and Democrats.

Drop Reward For Rubinstein Murder Clues

NEW YORK (P) — The \$25,000 reward offered for information leading to the conviction of the slayer or slayers of Serge Rubinstein was withdrawn today — the fourth anniversary of his death.

Attorneys for the estate of the playboy and international financier announced in newspaper advertisements the estate had withdrawn the reward offered Sept. 20, 1955.

Rubinstein, 46, was choked to death in his bedroom in his Fifth Ave. mansion. The police department still lists the case as "open."

Stanley N. Zwaik, lawyer representing the estate, estimated the estate at 1½ million dollars.

Zwaik said the reward offer drew nothing but crackpot tips.

Dick Haymes' Son's Stabber Is Set Free

NEW YORK (P) — A boy accused of stabbing singer Dick Haymes' teen-aged son has been

cleared of a juvenile delinquency charge at the request of young Haymes.

Children's Court Justice George A. Timone dismissed the charge against Alan Clarke, 15, Monday. Clarke had surrendered earlier in the day. He was accompanied by an aunt, Mrs. Joseph Stein of Maplewood, N.J.

Police said Clarke admitted

stabbing Dick Haymes Jr., 14, Sunday in a fight over a girl.

Haymes said the stabbing was an accident. He suffered an arm wound that took five stitches. He is the son of actress Joanne Dru, second of his father's five wives.

A Second Glance

With GEORGE BAIREY

WRESTLING—THE NATION'S FASTEST GROWING prep sport will make its final Dixon Armory appearance of the season tonight at 7 p.m. when Coach Bob Sonneman's varsity hosts LaSalle-Peru. According to the National Federation of State High School Athletic Assns. (of which Dixon is a member), more than 2,500 high schools around the country have added wrestling within the past two years. And the association predicts that within the next few years more than half of the nation's high schools will be competing in interscholastic wrestling.

High school wrestling is a growing, booming item in the Midwest. Dixon jumped on the bandwagon with its first teams seven years ago when the wagon wasn't rolling so well, and now the sport is fast taking its place with basketball as a top winter attraction.

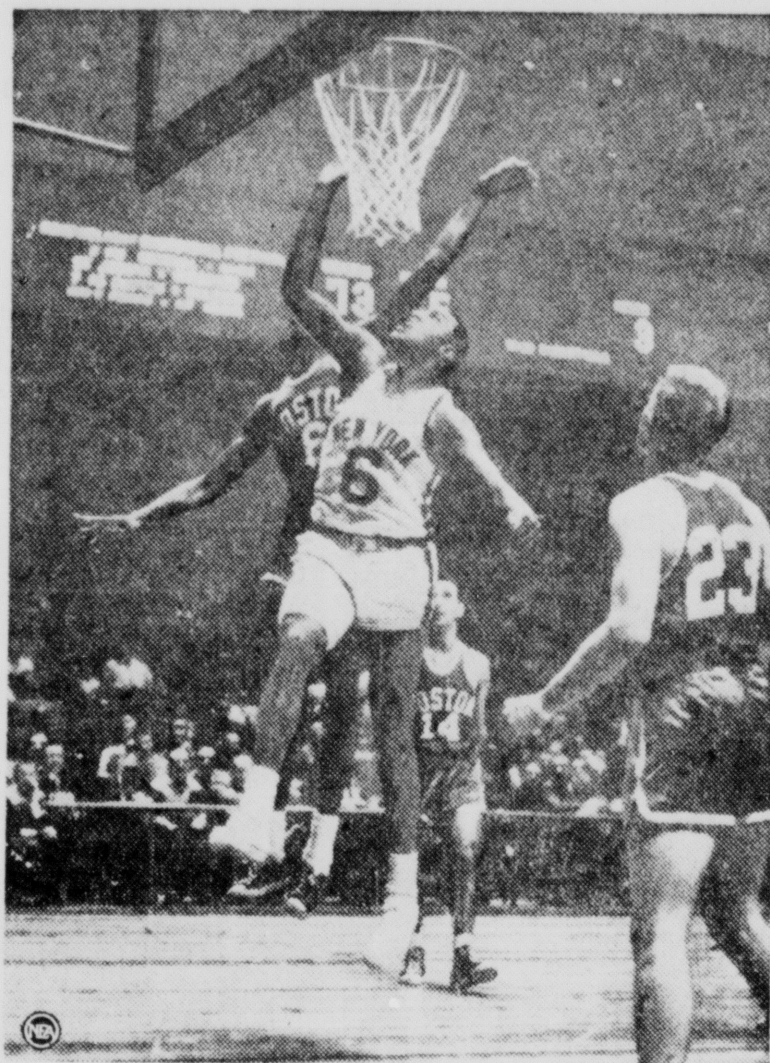

IT HAS BEEN A FINE SEASON thus far for Sonneman and his wrestlers. At home, the squad has won four of five matches and it has been victorious in an equal amount on the road. Sonneman's two-year record as head wrestling coach is a good 17-6.

Prep wrestling has made its mark on the Dixon winter athletic scene.

DIXON BASKETBALL FANS are viewing the Dukes' sixth-ranking in the state this week with mixed emotions. It certainly is nice to get some recognition, but the Kewanee basketball team might be viewing the news while lying in the bushes and licking its chops.

The Boiler-makers are set for an all-out, do-or-die effort Friday night in their game with the Dukes. It's rather ironic, but earlier in the season, it was the hungry Dukes who bombed the ranked clubs (Rock Falls and Princeton) to get their ranking.

And now Kewanee has an opportunity to shove itself into some of the limelight. The shoe's on the other foot and we'll soon see just what the Dukes are made of this season.

CROSS PURPOSES—Arms waving, Willie Naulls, 6, of New York and Boston's Bill Russell leap after a rebound in a National Basketball Association game at Madison Square Garden. Looking on are the Celtics Frank Ramsey, 28, and Bob Cousy, 44. Defending Celtics lead the Eastern Division, as expected.

Robertson Paces Cincy Victory

By The Associated Press

Oscar Robertson, Bob Boozer, Johnny Cox, Jerry West, Kelly Coleman, Ron Johnson, Clarence Wardlaw and Ralph Crosthwaite are members of college basketball's elite.

Each of these potential All-Americans was principally involved in the final outcome of his team's game Monday night.

Some produced winning efforts while others were not as fortunate. Robertson who led the fifth-ranked Bearcats to a 73-52 victory over Drake in a Missouri Valley Conference game.

Boozer hit for 21 points in Kansas State's 78-55 romp over Iowa State in a Big Eight contest. Cox supplied the impetus with an 18-point performance in Kentucky's 94-70 lacing of Georgia Tech.

West Virginia took the lead for the first time with 4:10 to go on West's fielder as the Mountaineers won their 43rd straight Southern Conference game, 77-67, over George Washington.

Johnson tallied 28 points and led a rebounding parade as Minnesota downed Illinois, 81-70, in a Big Ten game. Crosthwaite teamed with Charley Osborne for 51 points as Western Kentucky avenged a

December defeat by LaSalle with a 96-74 victory.

Coleman Held Down

Conversely, Coleman was held to 16 points—14 under his season average—as Miami (Fla.) beat Kentucky Wesleyan, 69-64. Former Big Ten scoring leader Clarence Wardlaw could manage only 11 points for Iowa as the Hawks lost to Ohio State 86-72 in the only other Big Ten action.

In other major action, Don Smith scored 26 points for ninth-ranked Bradley in the Braves' 77-63 victory over the University of Detroit and Ted Luckenbill and Gary Phillips combined to score 54 points in

Houston's 88-58 win over North Texas State. Both were Missouri Valley Conference games.

Robertson helped Cincy to a 17-point first half lead with 16 points and scored 27 overall. He hauled down 17 rebounds and held Drake ace Bob Teeler to seven points in the first half. Teeler led Drake scorers with 17 points.

K-State, ranked third in this week's Associated Press poll, turned on a torrid second half to up their record to 14-1. The Wildcats had a slim 30-29 halftime lead but Boozer got help from Dave Douglas who scored 18 points for the runaway.

Ruklick Trails Iowa's Gunther By 23 Points

CHICAGO (P)—Iowa sharpshooter Dave Gunther today held a 23-point bulge over Northwest-ern's Joe Ruklick in their torrid battle for leadership in the Big Ten all-game basketball scoring race.

Gunther had 334 points in 14 games for a 23.8 average while 6-9 pivotman Ruklick had 311 points in the same number of games for a 22.2 average.

Ron Johnson of Minnesota climbed into third place on the strength of having played one more game than Willie Merriweather of Purdue.

Indians' Lemon To Try Comeback

LONG BEACH, Calif. (P)—Bob Lemon's once-mighty arm will get another try with the Cleveland Indians.

"I've got my mind set on pitching for Cleveland again," he told a reporter Monday, "and I've been invited to spring training at Tucson."

Lemon, now 38, will begin this week with a series of elbow exercises to strengthen the arm that failed him during the 1957 season. He finished last year with San Diego in the Pacific Coast League after working only 25 ineffective innings with Cleveland early in the season.

Governor Vaughn with 15 carried the burden for Illinois.

Wrecked Title Hopes

Ohio State wrecked any slim championship hopes held by Iowa and dumped the Hawkeyes into a tie for eighth place. Both teams now have 2-4 records and trail Northwestern (3-3) and Purdue (2-3).

The Buckeyes fell behind early in the contest but went ahead to stay, 20-19, on a basket by Larry Siegfried. Ohio led, 37-32, at the half.

Siegfried led Ohio with 22 points and Joe Roberts added 21. Scoring honors, however, went to Iowa ace Dave Gunther who bagged 25 points.

Activity picks up in conference play with four games scheduled. Illinois is at Purdue, Michigan at Iowa, Northwestern at Michigan State and Minnesota at Ohio State in a regionally televised matinee. Indiana takes on DePaul in non-conference action.

Galesburg Is Still Ranked Number One

SPRINGFIELD (P)—Dixon's usually steady stock in the weekly Associated Press poll of downstate prep basketball teams took a terrific shot upward today when the Dukes rose from 13th to sixth place.

It is the highest ranking a Dixon basketball team ever has received in the weekly poll.

Dixon, which now has a six-game winning streak to put together with its early-season eight-game skid, hurdled seven positions in its surge upward.

Springfield Rises

Springfield joined the Dukes in the climb upstairs as the Senators

14. Hinsdale	(11-1)	90
15. Centralia	(12-3)	66

(15-1) rose from eighth to fifth, a notch above Dixon, but the top dogs in the poll were unbudging.

Galesburg, Herrin, Shabbona and Alton hugged the first four places in that order. Galesburg's Streaks have had a season-long grip on the No. 1 spot.

Points polled by Galesburg were 328 out of a possible 360 from 24 sports writers and sportscasters. Herrin had 313, trailing slightly more than a week ago.

Thornton Is Eighth

Thornton of Harvey also climbed up three notches to No. 8.

Elgin and East Moline each fell five places after Elgin lost to Moline and East Moline could not cope with Galesburg.

Ranking next in order after the top 15 were North Chicago, Princeton, Wood River, Rock Falls and McHenry.

Junior Varsity Rallies, Wins In Overtime

OREGON — Dixon High School's junior varsity basketball team — down by 18 points in the second period — put on its rallying boots and caught and tied Oregon in the final period and then won the game in overtime, 66-64, here Monday night.

It was Coach Will Valett's fifth win in seven starts. The Hawks' Dave Broderick got the home team out to its early big lead when he poured in 13 of his 21 points in the first period. The Dukes came back a little in the second period when the Dukes' Ken Mall scored 14 of his 31 points. The score at half time was 44-31, Oregon.

The third period told the tale for the Dukes as they came storming out to score 17 points while holding Oregon to five. Mall chipped in with seven more in the rally and the Dukes trailed by one point going into the final eight minutes.

The Dukes had a chance to win the game in regulation time when they vaulted into a 64-62 lead with 20 seconds to go, but the Hawks hit a two-pointer to send the game into overtime.

In the extra period, Ken Ritter-spach hit two for two from the free throw line and Jim Johnson scored a field goal while the Hawks scored a single basket.

Box score (baskets, free throws, total points): DIXON — Ritterspach, 2-4-8; Nelson, 2-3-7; Johnson, 3-0-6; Mall, 15-1-31; Sofolo, 3-6-12; Henry, 1-0-2.

School Expells Card Draft Choice

MORGANTOWN, W. Va. (P)—West Virginia's No. 1 varsity full-back candidate, a draft choice of the Chicago Cardinals, has been expelled with two of his teammates for trying to take examination papers.

The 200-pound fullback is Glen Shamblin, 22nd pick of the Cards in last Wednesday's National Football League draft. The other players are Donald R. Smith, 230-pound tackle, and halfback Dick Manion.

Acting WVU President Clyde L. Colson, announced the expulsion Monday.

Rick Ferrell Will Replace Tigers' McHale

DETROIT (P)—The Detroit Tigers, who lost catcher Rick Ferrell 30 years ago because they tried to keep him hidden in the minor leagues, brought him back Monday as their general manager.

Ferrell, 53, replaces John J. McHale, at least on a temporary basis. McHale, 37, quit the Tigers Sunday to become vice president and general manager of the Milwaukee Braves.

Ferrell, who holds the all-time American League record for catching 1,806 games, played four seasons in Detroit's minor league system in the late 1920s. The late Judge Kenesaw Mountain Landis, then commissioner of baseball, declared Ferrell a free agent because the Tigers did not place his name on the draft list.

Ferrell then sold himself to the old St. Louis Browns for a \$25,000 bonus and a \$12,500 contract, and started a big league career that no catcher has since matched. He caught over 100 games for 11 seasons, caught in the first All-Star game in 1934 and in four other mid-season classics.

Ferrell played for St. Louis, Boston and Washington in the American League, and while with the Red Sox joined with his brother Wes to form one of the game's finest battery teams. Rick had a lifetime batting average of .281.

Freshmen Jar Oregon for Fourth Victory

OREGON — Duke frosh Larry Bross poured in 20 points here Monday night as the Dixon High School's freshman basketball team upended Oregon's frosh, 45-33, for its fourth win of the season.

Bross scored 10 points on five baskets in each half. The Dukes and Oregon were tied, 7-7, at the end of the first quarter, but Bross hit six points in the second period to give Dixon a 22-17 lead at halftime.

Dixon iced the game in the third period, outscoring their hosts, 16-4, as it shot into a 38-21 lead. Bross and Gary Flanagan each scored six points in the third period.

Dave Black paced the Hawk frosh with 17 points. Thanks to the fact that the Princeton home game last week was canceled because of the weather, the Oregon game was the fifth straight that the Duke junior varsity and frosh have played on the road.

The freshmen will finally play at home at 6 p.m. Thursday when they entertain Mt. Morris. The junior varsity will play the Moundier junior varsity in the second game of the night.

Box score (baskets, free throws, total points):

RACE TRACK FOR BIRDS

CHICAGO (P)—People who say a racetrack is for the birds now can say it with meaning. Arling-ton Park has built a 31-acre pheas-ant sanctuary in the infield of its training track.

Navy, Marines Don't Oppose Budget, But...

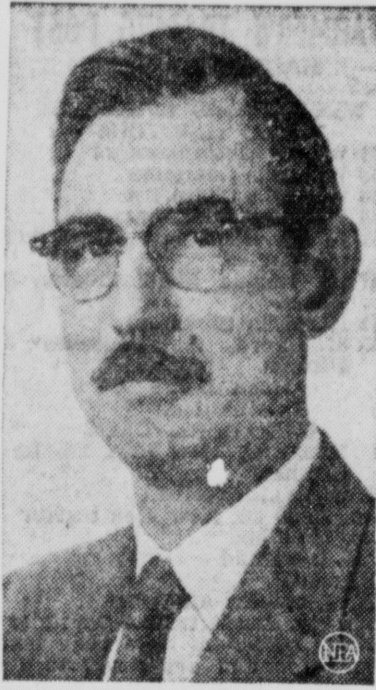

WASHINGTON (AP) — The Navy and the Marines say they don't oppose President Eisenhower's defense budget. However, both attach an important "but..."

Adm. Arleigh A. Burke, chief of naval operations, told Congress Monday he is supporting the defense budget. But he also made it clear he is not satisfied with the speed at which ships, planes and weapons are being replaced.

Gen. Randolph M. Pate, Marine commandant, also made no protest about the budget. But he said that Pentagon orders to cut the corps to 175,000 men will mean the loss of six combat landing teams and six air squadrons. The new budget provides for only 175,000 Marines.

Burke and Pate, along with Secretary of the Navy Thomas S. Gates Jr., testified before the Senate Armed Services Committee Monday about their military branches.

Secretary of the Air Force James H. Douglas and Gen. Thomas D. White, chief of staff, were called to tell the committee today about the status and plans of the Air Force.

ATOMIC PEANUT—Dr. Walton C. Gregory, professor of genetics at North Carolina State College in Raleigh, is the first American to improve the strain of a living organism by nuclear radiation. He has developed an improved peanut, called N.C. 4X, by cross-breeding seeds previously exposed to large doses of X-rays. N.C. 4X has thicker hulls, fewer damaged kernels and fewer growth cracks than regular types.

Tiny Girl With Patched Heart To Be Crowned

LA PORTE, Ind. (AP) — A gold-haired little girl with a patched up heart will celebrate the "best" day of her life next Tuesday at the White House.

That's the day Mrs. Dwight D. Eisenhower will crown six-year-old Debbie Quinn as America's Valentine Girl for 1959.

The American Heart Assn. chose Debbie, daughter of Mr. and Mrs. James Quinn of La Porte, as a symbol of hope for the 1959 heart fund campaign.

Debbie was born with four heart defects. She had a quarter-size hole between the ventricles of her heart; her pulmonary artery was too narrow; her great artery was displaced, and the right side of her heart was enlarged.

But Dr. C. Walton Lillehei of the University of Minnesota Heart Hospital repaired Debbie's heart in a 7½ hour operation that would have been impossible 10 years ago. The heart lung pump, which did the work of her heart and lungs during surgery, is a post World War II development.

TWO PAIRS MAKE A FULL HOUSE—The aforementioned isn't true in poker but is a fact here. These quads, two boys and two girls, made their camera debut at their parents' home in Northern Netherlands village of Deinum, last week. The babies were born last September, first children of J. Lautenbach, 25, a plumber and his 21-year-old wife. At birth they weighed a total of 28 pounds. Left to right are boys, Willem and Meindert, and girls Dirkje and Ytje. (AP Wirephoto)

Alfalfa Switzer's Killer Is Found Blameless by Jury

LOS ANGELES (AP) — "Alfie" charged me with a jackknife. I was forced to shoot."

So testified Moses S. Stultz, 38, Monday, and a coroner's jury held

him blameless in the slaying of one-time "Our Gang" comedy star Carl (Alfalfa) Switzer.

Jack Pott, 37, testified he and Switzer, 32, had been drinking

when they got in a fight with Stultz last Wednesday night. Switzer claimed Stultz owed him \$50. Stultz denied it.

Car Industry Pioneer Dies

DETROIT (AP) — George D. Grant, 86, an auto industry pioneer, died Monday.

Grant and his brother, Charles A., developed the Grant car and also put out this country's first six-cylinder car. He was born in Ridgetown, Ont.

Noted Minister, Educator Dies

SAN ANSELMO, Calif. (AP) — The Rev. Walter David Knight, 67, well-known Presbyterian minister and educator, particularly in the New England area, died Sunday of a heart ailment.

He had been director of the student field service of San Francisco Theological Seminary in San Anselmo since last July. He was born in Marlboro, N.H.

Hearse Scores

CHATHAM, Va. (AP) — A hearse stole the show at a festive parade here. It was a horse drawn vehicle, vintage of the 1880's, a collector's item of Kenneth Scott. Most citizens had never seen one.

Indiana Senate Welcomes Alaska As 49th State

INDIANAPOLIS (AP) — Alaska was welcomed officially into the union by the Indiana Senate Monday.

A resolution expressing the Hoosier state's congratulations to the new 49th state was adopted by unanimous voice vote.

The House passed by voice vote a resolution asking Congress to lower the social security retirement age from 65 to 62.

Mrs. Ty Power Gains Son, Loses Jewelry, Furs

HOLLYWOOD (AP) — Mrs. Tyrone Power's trip to the hospital gained her a son but cost her \$15,000 worth of furs and jewelry.

Burglars took a mink coat, a mink stole and some of the late Tyrone Power's cuff links a few hours before Mrs. Power came home Monday with son Tyrone William Power.

The child was born Thursday.

City National Bank IN DIXON

"Your Good Neighbor In Business"

(LEFT PHOTO)—Regardless of what your financial problems may be, come to the City National Bank in Dixon and feel free to talk it over. Many loan services are available to individuals and business people whether it be buying an auto, and appliance or a loan needed to remodel a room in your home. Vice President and Cashier Richard Durkes, Ass't. Cashier and Manager of the installment loan division Edward Brantmeier, and Vice Pres. Vernon Tennant discuss one of the many loan applications that are handled through this department.

(CENTER PHOTO) — Safeguarding your valuables and personal papers is just one of the services offered by the City National Bank in Dixon. Esther Reynolds, Safety Deposit Vault Custodian is shown with a newly installed Individual Record System that controls access to each deposit box, listing boxholder's names, box numbers and only persons authorized access to each box by the boxholder.

(RIGHT PHOTO)—Inez Spencer and Alice Meyers, Savings Dep't head are shown with their daily balance sheets computing the day's activities. Deposits have now grown to nearly 9½ million dollars as people in the Dixon area are Saving More and Now . . . More People are Saving at the City National Bank in Dixon. Putting aside a small amount each payday, you too can save for your future by starting a savings account now. Savings are insured up to \$10,000.00 and your money is constantly earning interest while you are saving.

This financial landmark of Dixon, began in 1853 as the Robertson Eastman Co. in the building west of where the F. X. Newcomer Co. is now located.

In 1854 it became the Robertson-Eels bank; changing its name to the Lee Co. National Bank in January 1865 and in 1884 became the City National Bank of Dixon and in 1933 took its present name, The City National Bank in Dixon.

In February, 1926 the bank completed its present building, which was then considered one of the largest and most modern in the state. Two of the active members of the bank at this time are still serving actively in the City National Bank in Dixon today. Vernon Tennant, vice president was assistant cashier in 1926 and Henry C. Warner, a 1926 director is still on the board.

The foresight of the bank's officials when the present building was erected is evidenced every day to the citizens of Dixon who find the City National Bank in Dixon has the facilities for the most up-to-date services of modern day banking. These include checking accounts, savings accounts, loans and discounts, real estate, collateral, automobile, home improvement and personal loans, safe deposit boxes, money orders and travelers checks, Christmas Savings accounts and the latest service, a drive in window for the convenience of the bank's customers.

With 106 years of banking service the City National Bank in Dixon, is one of the oldest corporations in the city and from the small beginning has grown until this year it has resources of over ten million dollars including \$9,443,582.97 in deposits.

The present officials of the bank are: Chairman of the Board, E. L. Crawford; President, Max Van Scoy; Vice President and Cashier, Richard S. Durkes; Vice President, Vernon Tennant; Ass't Cashier, Frank Fordham, Flavel J. Spangler, Edward G. Brantmeier. On the board of directors are E. L. Crawford, Dr. E. S. Murphy, Richard S. Durkes, John C. Roe, L. L. Durkes, Max Van Scoy, Walter C. Knack and H. C. Warner.

Batista Says He Didn't OK Atrocities

MIAMI, Fla. (AP) — Fulgencio Batista says he never sanctioned atrocities in Cuba and believes any which took place were the work of the rebel leader Fidel Castro.

The ousted Cuban dictator was interviewed at his refuge in Ciudad Trujillo, Dominican Republic, by Managing Editor George Beebe of the Miami Herald.

In a copyright article, Beebe quoted Batista as saying Castro had weakened Cuba's economy by driving out tourists, destroying highways and burning sugar cane fields.

Batista said he believes the atrocities of which his forces are accused were "the work of Castro and not my men. If they did take place, it was without my sanction."

Batista said he has no plans to seek a return to power.

U of I Orchestra, Men's Chorus Will Be at Lincoln Fete

SPRINGFIELD (AP) — The University of Illinois student symphony orchestra and men's glee club will perform at the sequentennial dinner Feb. 12 observing the birth of Abraham Lincoln.

Mayor Willy Brandt of West Berlin will be the principal speaker. Nine European ambassadors have accepted invitations to attend.

Brothers, Shot In Knee, Are in Hospital Together

ENID, Okla. (AP) — Clarence Haight, 20, and his brother, Henry, 19, are in hospital beds side by side, each with a rifle wound in his right knee.

Clarence got his wound last Thursday when a .22 caliber rifle accidentally discharged while he was hunting. Henry visited him Monday and jokingly asked: "Have you got a bed for me?" "Right over there," Clarence replied.

Several hours later Henry was brought to the hospital. His .22 caliber rifle discharged accidentally while hunting.

There's Twice as Many Government Men as Farmers

WASHINGTON (AP) — The American Farm Bureau Federation came up with a new standard for measuring — and emphasizing — agriculture's increasing productivity.

It reported it now takes nearly twice as many people to run the nation's governments — national, state and local — as it does to run and operate the country's farms.

Farm employment in December was put at 5,615,000 and government employment at nearly 11 million.

Genealogist Dies Without Clue to Self

MIAMI, Fla. (AP) — An 80-year-old man who spent his life tracing people's ancestors guarded his own life so closely that when he died friends were unsure of his first name.

Robert L. Brownfield Jr., was a genealogist or family tree tracer. He came to Miami 27 years ago but nobody seems to know where from.

He moved into a hotel and kept to himself. Recently he became ill in the night and started for the telephone. Before he reached it, he died. His body was found three days later.

One hotel resident thought he remembered Brownfield's talking once about being president of a bank in Pennsylvania. Another, who had lived in the hotel as long as Brownfield, did not know his first name.

Brownfield's desk was cluttered with papers. They were filled with clues about other people's backgrounds. There was nothing about himself.

Claims He Overpaid Debt to Beck

TACOMA, Wash. (AP) — A witness testified Monday he had overpaid by \$1,500 a debt to Dave Beck Sr.

James Shourt, goateed editor of the South California Teamster magazine, testified at Beck's trial in Federal Court on income tax evasion charges. Shourt said he had paid back a \$20,500 loan to Beck with cashier's checks so he would have a record of repayment.

Asked when he discovered his overpayment, Shourt replied: "Not until I was subpoenaed to come to court."

The former Teamsters Union president is charged with evading \$240,000 in income taxes for the years 1950 through 1953.

Chicago Apartment House Fire Kills 3, Hurts 2

CHICAGO (AP) — Three persons perished and two others were injured in an extra alarm fire which billowed through a West Side apartment building Monday night.

Firemen rescued several of the more than 30 residents of the three-story brick and stone apartment building from third-floor window ledges. At least three leaped into firemen's nets. Many fled in their night clothes.

The dead were Edward Bauman, 67, a former truck driver; his wife, Pearl, about 60, and Mrs. Rose Hanzel, 55. Their bodies were found draped over window sills on the top floor of the building at 820 N. Leavitt St. All had been asphyxiated.

Injured Mrs. Hanzel's daughter, Loretta, Hanzel, about 30, whose condition was reported critical from third degree burns, and fireman Harry Faust, 41, who suffered severe facial cuts from broken glass. Miss Hanzel was one of those who leaped from the third floor.

Started in Porch
Fire officials said the blaze apparently started on the newly-painted rear porch of a ground floor apartment, spread rapidly up an enclosed wooden rear stair-

Worry of FALSE TEETH

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, sticky taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

Claims He Overpaid Debt to Beck

TACOMA, Wash. (AP) — A witness testified Monday he had overpaid by \$1,500 a debt to Dave Beck Sr.

James Shourt, goateed editor of the South California Teamster magazine, testified at Beck's trial in Federal Court on income tax evasion charges. Shourt said he had paid back a \$20,500 loan to Beck with cashier's checks so he would have a record of repayment.

Asked when he discovered his overpayment, Shourt replied: "Not until I was subpoenaed to come to court."

The former Teamsters Union president is charged with evading \$240,000 in income taxes for the years 1950 through 1953.

Singing Trucker

SILVER SPRING, Md. (AP) — A truck driver operating out of here carries tunes as well as cargo.

Paul Enrico Caruso sings operatic arias as he drives his panel truck.

UNWANTED RETURNS

EMINENCE, Ky. (AP) — Martin J. Kahn has stopped stamping his firm's name inside hats the store sells.

Seems everyone one of Kahn's customers loses a hat, it's returned to Kahn.

Tree Service

In winter tree removal and tree trimming can be done with a minimum of lawn damage.

| Amy Hazzert, a long-time sponsor of Ames Beauty Shop in the Ladies league, has been shooting some pretty good scores in the new year, and perhaps the reason is one that would never guess by looking at the charming grandmother. Due to her first and last name, she has become a great favorite of the league. In the game of 100, she spread on an average of 136, 138, 144. We missed getting the Rosemont scores last Friday night and have a sneaking suspicion that the usually consistent thing to do with their discomfitingly high scores is one that would never guess by looking at the charming grandmother. Due to her first and last name, she has become a great favorite of the league. In the game of 100, she spread on an average of 136, 138, 144.
